

Acceptable Use Policy

What is an Acceptable Use Policy?

It lets you know how to use our internet service safely and legally. All internet service providers have usage policies of some kind. You can read more about B4SH's below. Our Acceptable Use Policy covers a range of prohibited activities, but it mainly focuses on the most severe misuse of our services. That is activities that:

- are illegal
- are unlawful
- or inconvenience other internet users

To put it simply, the policy is there to protect our customers and make sure everyone gets the best broadband experience possible. Our Acceptable Use Policy is part of our terms and conditions which you accept when you take the B4SH service.

1. Introduction

1.1. This Acceptable Use Policy ("AUP") specifies actions prohibited by B4SH to users of the Internet Services ("Services").

1.2. You must read this AUP very carefully. It is important. This Acceptable Use Policy and our Terms and Conditions are part of your legally binding relationship with us.

1.3. "Users" and "You" means customers or anyone else who uses or accesses the Services. This AUP outlines the principles that govern use of the systems, services and equipment (eg your router) provided by B4SH in connection with the Services. By using our Services, you agree to comply with all parts of this AUP and we may (not withstanding our rights of suspension and restriction referred to below) terminate your account if you fail to comply with any of the AUP.

1.4. We may amend, modify or substitute this AUP at any time and any such modification, amendment or substitution shall be posted on the B4SH website, www.b4sh.net, and become automatically effective upon all Users as from the date of posting.

1.5. We recommend that you visit our website regularly to check for any updates or amendments to this AUP.

2. B4SH's right to suspend, restrict or terminate your services

2.1. We will take action if you abuse the Services. The actions we may take include:

- a formal warning to you;
- suspension of your account (with or without notice);
- restriction of your access to the Services (or any part of the Services); or
- termination of your account.

This is not a full list of the action we may take.

2.2. Notwithstanding our right to restrict, suspend or terminate the Services, if you breach this AUP and/or our Terms and Conditions you may receive a formal warning from us specifying the unacceptable conduct and notifying you that repeated breaches may result in the Services (or any part of Services) being temporarily or permanently withdrawn from you.

2.3. If, after you have received a formal warning from us in accordance with paragraph 2.2 above, your conduct continues to breach this AUP, then we will withdraw the Services (or part of the Services) from you until such time as we are satisfied that you have implemented appropriate steps to ensure that your use of our systems, Services or equipment will comply with this AUP.

2.4. If such a suspension is imposed, then this may be lifted at our discretion, upon receipt of a formal written undertaking from you not to commit any future relevant abuse. However, all cases will be considered individually (at our sole discretion) on their merits.

3. Use of the services

3.1. We reserve the right to investigate any suspected violation(s) of this AUP. When we become aware of possible violations, we may initiate an investigation, which may include gathering information from the User involved and the complaining party, if any, and examination of material on our servers, networks or any other equipment associated with the Services.

3.2. You must not use the Services in any way that is unlawful or illegal or in any way to the detriment of other Internet users. You must also not allow anybody using your connection to use the Services in any way that is unlawful or illegal or in any way to the detriment of other Internet users.

3.2.1. B4SH does not place a limit on monthly network usage. However, in isolated cases where excessive network usage, particularly at busy times, is having a detrimental effect on other users, we may need to take appropriate action in accordance with the terms of this AUP.

3.3. During an investigation, if we believe that a violation of this AUP or our Terms and Conditions has occurred, we may take immediate remedial action. Such action may include warnings to the User responsible, and the suspension, restriction or termination of the User's account. We will determine what action will be taken on a case-by-case basis.

3.4. In addition to and without prejudice to your obligations pursuant to our Terms and Conditions, you agree to comply with (and ensure that others using the Services comply with) all applicable laws, statutes and regulations in connection with the Services. As the User of record, you are responsible for all use of your account, irrespective of use without your knowledge and/or consent.

3.5. You are required to keep your contact details provided to B4SH up to date. Keeping such records up to date is important as we may need to send notices or other information to you using the contact information you gave us.

3.6. Users are expected and required to review email (as provided to us as part of the Services sign up process) on a regular basis. This is to enable us to advise you of any significant issues that may affect your use of the Services.

4. Use of material

4.1. You are prohibited from distributing, transmitting or causing to be published any Prohibited Material through your use of the Services. Examples of "Prohibited Material" shall be determined by us (acting in our sole discretion) and shall include (but are not limited to) material that:

4.1.1. is threatening, harassing, invasive of privacy, defamatory, racist, obscene, indecent, offensive, abusive, harmful or malicious;

4.1.2. infringes or breaches any third party's intellectual property rights;

4.1.3. is in violation of any law or regulation that is enforceable in the United Kingdom;

4.1.4. programs containing viruses, hoaxes or any tools designed to compromise the security of other websites and/or systems. However, you may pass samples of malware in a safe manner to appropriate agencies for the purpose of combating its spread.

4.2. For the avoidance of doubt, the storage upon and/or distribution over our systems by any User of "pirated" software, or any other materials that are not expressly licensed to the User, will constitute a violation of this section 4 of the AUP.

4.3. We reserve the right to inform and/or report the storage, distribution, transmission, retransmission or publication of Prohibited Material (and/or any other materials which may constitute unlawful conduct by Users) to relevant authorities and/or regulators, in addition to any action we may take as outlined in this AUP.

5. System security

5.1. You are prohibited from using the Services to compromise the security, adversely affect or tamper with our system resources or accounts (including but not limited to those of other Users) or at any other site accessible via our systems, without the explicit consent of the owner of such account and/or site. Malicious use or distribution of tools designed for compromising security is prohibited.

5.2. The security of the services used by you from your home is your responsibility. It is also your responsibility to ensure that you keep your passwords secure. We are not responsible for any negative consequences (eg lost or corrupted files) incurred by your failure to employ adequate security measures.

5.3. Users are responsible for the security of their own devices that are directly or indirectly connected to our network. This includes, but is not limited to: PCs, wired and wireless home networking devices and games consoles.

5.4. If we identify that equipment connected to Customer Premises Equipment (CPE) is causing significant impact to our service or are part of a "botnet" (machines hijacked by others to distribute malicious software or other forms of abuse), we reserve the right to disconnect your connection without notice.

6. Prohibited uses of B4SH's systems, services and equipment

6.1. Users must not take any action that may restrict or inhibit any person, partnership, company, firm or organisation (whether a customer of B4SH or otherwise) in its lawful use or enjoyment of any of our systems, services or products. Examples of this may include:

6.1.1. The sale or resale of our services and products;

6.1.2. furnishing false data on our sign-up forms, contracts or on-line applications, including fraudulent use of credit card numbers (and such conduct is grounds for immediate termination and may subject the offender to civil or criminal liability).

7. Prohibited uses of B4SH's systems, services and equipment

7.1 Users are prohibited from the following actions on the B4SH network:

7.1.1. attempting to circumvent user authentication or security of any host, network, or account ("cracking"). This includes, but is not limited to, accessing data not intended for the User, logging into a server or account the User is not expressly authorised to access, or probing the security of other networks without the express authorisation of the owner of such third party network(s);

7.1.2. creating security breaches or disruptions of Internet communications. Security breaches include, but are not limited to, accessing data of which the customer is not an intended recipient or logging onto a server or account that the customer is not expressly authorised to access. For the purposes of this section "disruption" includes, but is not limited to, port scans, ping floods, packet spoofing, forged routing information, deliberate attempts to overload a service, any otherwise unspecified form of Denial of Service (DoS) attack or attempts to "crash" a host;

7.1.3. using any program/script/command, or sending messages of any kind, designed to interfere with or adversely affect a user's enjoyment of our network by any means, locally or by the Internet - including violating the privacy of other Users; and

7.1.4. executing any form of network monitoring which causes the interception for malicious purposes of any data that does not belong to the User.

8. Email use

8.1. Email usage must be fully compliant with Section 3 (Use of Services) and Section 4 (Use of Material) of this AUP and

8.2. we will investigate complaints regarding email and may take action at our discretion.

9. Complaints and enforcement

9.1 Complaints

9.1.1. Complaints regarding the conduct of a User on our network should be sent to abuse@B4SH.org.uk and via all other standard abuse reporting mechanisms. We must be able to verify each instance of abuse, and so each complaint must include the full headers and/or complete

body of the offending message (where appropriate) or other forms of quantitative, supportive evidence. Submitting all relevant evidence in the original abuse report will significantly speed up the resolution of the issue by our support team.

9.1.2. Please do NOT send excerpted parts of a message; sending a copy of the entire message, including headers, helps to prevent misunderstandings based on incomplete information, or information used out of context. Full headers demonstrate which path the message has taken, and enable us to determine whether any part of the message has been forged. This information is vital to our investigation.

9.2. Enforcement

9.2.1. We may, at our sole discretion, suspend, restrict or terminate a User's service for violation of any of part of this AUP at any time and without warning.

9.2.2. As a general rule, prior to terminating services we will attempt to work with Users to avoid future violations of the AUP and to ensure that there is no reoccurrence of the incident (but we shall not be obliged to do so).

10. B4SH is not responsible for users' content

10.1. B4SH is not responsible for the content of materials and information published by others that are accessible via the Services, and we do not accept liability or responsibility for any such publication.
